REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: While applicant's prior patent shows a hybrid multistage cryocooler, and room temperature surge volumes are generally known (usually in single stage systems), there is no teaching of a room temperature surge volume in communication with a second stage expander via the first stage thermal interface. Lacking proper motivation, combining applicant's prior patent with a room temperature surge volume is seen as improper.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance." Any inquiry concerning this communication or earlier communications from the examiner should be directed to William C. Doerrler whose telephone number is (571) 272-4807. The examiner can normally be reached on Monday-Friday 6:30-4:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Cheryl Tyler can be reached on (571) 272-4834. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system.
